20% gratuity will be added to all catering orders. Catering is served buffet style. Please understand large orders can strain our small kitchen and we do our best to deliver your food as close to your requested time as possible. That being said, our pizzas taste best when eaten hot, so dive right in when they arrive! Catering orders and deposits must be received at least 7 days before your event. As a mountain town we logistically cannot accommodate changes within 7 days.
